# FROM THE DESK OF PRINCIPAL IIC

*Kendriya Vidyalaya, as a premier education unit, always have the child as its focus in planning its programs an implementing them. In spite of this*

*pandemic situation we as a team are working hard to achieve the goal of education. Apart from the well-structured academic programs, several other co-scholastic activities are also planned in online mode for facilitating the holistic development of the child's personality. Common minimum program for primary children such as celebration of grandparents day, CCA, story telling competitions, Debate, poster making competition etc are being organized through online mode. This newsletter has realistically tried to highlight the number of befitting programs organized throughout the quarter in our Vidyalaya. I wish all the members very all the best in their future Endeavour too.*

*Mr. S. Rajak*

*Principal IIC KV Ranaghat*
