Apart from the well-structured academic programs, several other co-scholastic activities are also planned in the school for facilitating the holistic development of the child's personality. CMP, motivating primary children, aims at focused primary education involving activity based teaching, learning, building required resources such as library, playground, TLM, Computer Facilities, common minimum program for primary children such as celebration of grandparents day, class libraries, community Lunch, field trips, etc. This newsletter has realistically tried to highlight the number of befitting programs organized throughout the quarter in our Vidyalaya as well as in our cluster.
